

We find you sitting jobs, you keep the money.

Peak City Sitters is looking for caring, experienced, and engaging babysitters. Why work for us: Do you like or need a flexible work schedule? Let us know when you can work and we will book your sitting or nannying jobs based on YOUR schedule. You make your own money and take home 100% of what you make, and we take care of the rest! We are always looking for reliable and qualified sitters with at least 2 years of child care experience, a clean background check and driving record, who are 18 years or older! If you enjoy working with children and like having FUN while you work, email us or give us a call! We can't wait to speak with you. *Must agree to background and driving record screenings.*
